Ourense, Spain - +34 604 05 22 36

**EXPERIENCE**

**Full-stack Developer / Engineer**

*FlowReserve Labs* | May 2024 - now | Santiago de Compostela, Galicia

- Developed advanced medical visualization tools using 3D models and graphs to support diagnostic processes, utilizing *React* and *vtk.js* for 3D visualization.
- Designed and developed a medical information management system aimed at organizing reports and relevant data, built with *React* and *Flask (Python)*. Learning *Docker* and *NGINX* has also been crucial for this project.

**Associate Software Engineer / BI Analyst**

*SoftwareONE Spain* | September 2023 - February 2024 | Santiago de Compostela, Galicia

- Developed data reports using *Microsoft Power BI*.
- Performed ETL processes using *Microsoft Power Query*.

**Internship Employee**

*SoftwareONE Spain* | April 2022 - August 2023 | Santiago de Compostela, Galicia

- During this period I took my first steps as a developer and experienced the *front-end*, *back-end* and *QA* roles.
- Contributed to the development of an educational platform for an NGO, using *Angular* and *Python*.
- Had the opportunity to experience an AGILE workspace (*Scrum*, *DevOps*).
- Acquired the *Microsoft AZ900* certification.

**ACADEMIC INFORMATION**
