EDUCATION

Ciclo Formativo de Grado Superior Dual en Desarrollo de Aplicaciones Web / Advanced Vocational Training in Web Development
IES San Clemente | Sep. 2021 - Sep. 2023 | Santiago de Compostela, Galicia

EXPERIENCE

E-Commerce Front-End & Web Operations Developer
GUESS? INC. | March 2025 - Present | A Coruña, Galicia

- Delivered responsive interfaces and components based on *HTML*, *CSS* and *JavaScript* for high-traffic e-commerce, incorporating accessibility best practices (*WCAG*) for multi-device and cross-browser compatibility.
- Actively contributed to content deployments and new feature rollouts via CRM tools, collaborating with product and design teams to deliver precise, high-quality execution.
- Conducted test and ongoing debugging procedures through *Browserstack* and *DevTools* analysis to ensure code quality and minimize post-release issues.
- Implemented and maintained event tracking in *Google Tag Manager* (GTM) for key e-commerce interactions.
- Leveraged AB Tasty for A/B testing, heatmaps, and session replays to analyze user behavior, identify friction points and drive CRO optimizations.

Full-stack Developer
FlowReserve Labs | May 2024 - March 2025 | Santiago de Compostela, Galicia

- Built interactive 3D medical visualization tools with *React* and *VTK.js* to enhance diagnostic workflows through advanced models and dynamic data graphs.
- Developed and maintained a full-stack web application with *Flask*, *React*, and *MySQL* to streamline the organization and analysis of health reports and related data.

Associate Software Engineer / BI Analyst
SoftwareONE Spain | Sep. 2023 - Feb. 2024 | Santiago de Compostela, Galicia

- Developed interactive data reports in *Microsoft Power BI* to visualize key metrics and support data-driven decision making.
- Performed end-to-end ETL processes in *Microsoft Power Query* to clean, transform, and prepare data for reporting and analysis.

Intern
SoftwareONE Spain | April 2022 - August 2023 | Santiago de Compostela, Galicia

- Actively contributed to the development of an educational platform for a NGO, implementing front-end features with *Angular* and back-end services with *Flask*.
- Earned the *Microsoft Azure Fundamentals (AZ-900)* certification, demonstrating foundational cloud computing knowledge.

PROJECTS

my-website - My personal portfolio website, which serves as a hub to present my projects and highlight my passions. Built with React.
match-report - Tracker/companion web app for *League of Legends.* Built with React, Express and the Riot Games API.
